

Get Outdoors - Leafing About

Can you find some of these leaves at Denham Country Park or a park near you?

(We have added an image of a seed, nut, berry or tree that might help you find the leaf)

Don't worry if you can't find them all - which ever leaves you find will look fantastic! If you want you can add other natural materials you might find such as seeds, small twigs, and grasses to your artwork too.
