

Jane Griffin on behalf of the Colne Valley Park  
C/Of Cvrp Denham Country Park

Dear Sir/Madam

Planning Reference: **12579/APP/2025/615**

Thank you for your representations sent via email on the above **Planning Application**.

Your comments were:-

***This application is to consolidate waste transfer facilities on the site. hGV movements will increase. I also note that the operation will be 7 days a week. Our main concern is on the potential for impact on the two SSSIs with 500m. This is a sensitive GB location and the Colne Valley is an important location for wildlife due to its linear nature. Any impact on wildlife is dismissed in the application reports. Advice should be taken from Natural England and recommendations adhered to.***

The case officer has now been advised and your comments have been attached to the application. Once the application has been decided you will be notified of the decision, however please note, if the application sought is for a Certificate of Lawfulness we will not notify you of the decision as this application merely seeks the Council's view as to whether the said works can be carried out as permitted development.

In the meantime you are welcome to follow the progress of the application via the website or contact Alan Corcoran the officer dealing with this application on 01895 250230

Yours faithfully,

A handwritten signature in black ink, appearing to read 'R Johnson'.

Roz Johnson  
**Head of Development Management and Building Control**
